

Dear Ms Bethany Crowther,
With reference: APP/24/00108

Thankyou for your letter outlining the proposal for the loft conversion at 48 Alten Road,
Waterlooville. PO7 6DS

I have reviewed the plans carefully on the public access page and want to share my concerns with
you.

Whereas I am not opposing a loft conversion to the bungalow I am opposing the idea of the doors
and balcony to the south elevation aspect.

I fail to see the true purpose of the doors and balcony, as a window would suffice for natural lighting
and ventilation.

The proposed doors and balcony is also not within keeping of the surrounding properties and not
respectful of other residents that it would overlook.

Many thanks
