Dear Sir/ Madam,

Response to re consultation request for revised plan/ documents- Land East of Castle Avenue, Havant/ Ref: APP/18/01033

Thank you for your email dated 4 March 2019 informing us of the re consultation for the above development.

As the revisions do not include an increase to the number of residential dwellings originally proposed, we assumed that there would not be any increased impact on health provision in the local area.

Therefore, we do not wish to make any further comment at this time but we would like to refer to our original response regarding this development dated 5 February 2019, where we have asked for a contribution of £11,040 for planning gain for health.

This response has been attached to the email for reference.

Yours sincerely,

Lisa Medway- Estates Project Manager

On behalf of:
Sara Tiller- Managing Director South Eastern Clinical Commissioning Group
