10TH NOV 2019

Dear Mrs Pickup,

Thank you for sending us the Plans for the proposed alterations for 29 Stanton Avenue Hayling Island and your site visit on 6th November giving us a bit more information on Plans, as you will appreciate were very faint and not clearly marked. Having lived in our present house for the past 38 years. We felt we should write to you raising our concerns and objections as follows:

① DESIGN APPEARANCE & LAYOUT

- (a) Ship lap to extension not in keeping with the rest of the properties in surrounding area
- (b) The size of the proposed Rear Extension 16' approx from Ridge on Roof.

② Privacy

(a) Back windows to South side (currently one Velux) will be in line with Bathroom window, needing Blinds to be closed each time we use Bathroom losing light and Privacy. Each time our Kitchen door is opened again we will lose our privacy.

(b) Back window ② will be overlooking Kitchen windows where we eat, also down on Patio / Balcon area. During the year we spend a lot of time in these areas, with Friends and Family.
