Comment Reasons:

Comment: When are you (the planning office) going to understand that there is not the infrastructure to support mass housing erection on Hayling.

The events of a couple of weeks ago (water main burst on the main road) and the chaos caused (for all intents and purposes, closed the island) should be enough to only contemplate individual or small developments.

Obviously none of you live on the island. 3 hours to get on or off - nowhere for lorries or buses to go or pass - little or no police presence!!!!???

Gridlock happens as soon as a lorry delivers anything along the Havant road - what are the contingencies for emergency services when an accident occurs on the bridge..... let me guess - there isn't one.

+ all the other reasons highlighted in previous consultations.

Regards
