RECEIVED

Havant Council Planning
Committee (or to whom it may
concern) Tower Block by Havant Station

Dear Sir,

I was horrified to learn that the planning
application for a 13-storey Tower Block
next to Havant Station, has got to Havant
Council for approval.

Such a building will ruin Havant forever, I
cannot oppose such an application strongly
enough. In fact words fail me that the application
has got so far.

Please remember that Havant is an Ancient Market
Town, not and needs architecture to fit such an

heritage.

The tower blocks in Westleigh still look completely out of character in the Havant Borough.

Please do not allow anymore such eye sores, especially into the heart of the Town. What a welcome for people arriving by train to Havant. Terrible.

The proposal is OPPOSED by me.

Yours faithfully
