

Retrospective planning application, 14 St Hermans Road, Hayling Island

Dear Miss Pitney, thank you for your communication which we received today regarding the above planning application.

1/ Our main concerns are whether the new construction could affect the flow of water in the drainage ditch?

2/ We have noticed that some considerable damage has been done to one of the Oaks and off cuts have been thrown carelessly into the ditch along with other rubbish that we have either removed or tidied up. There is currently a Tree Protection Order in place on this tree.

Could you please inform us as to whether the council gave permission for this work to be carried out.

Kind regards Sheila & Jack Mealy

Dear Miss Pitney, please accept my apologies I neglected to give you our details:

31 Southwood Road, Hayling Island PO119PS

Many thanks
