

This letter is in reference to  
planning application of 2 3 bedroom  
houses being built at 93  
Winterslow Drive (ref: APP/19/00635)

I disagree with these plans  
going ahead as of myself and  
my neighbours this area is so  
built up as it is let alone more  
properties meaning more people  
being very overcrowded and mal  
comes for the constant parking  
issues we already have in  
this area. I constantly get  
blocked in my own driveway  
now as parking is a ~~big~~ major  
issue and I feel it's a  
major safety concern for our  
children in this area. Cars  
on the pavements on the  
grass verges it's constantly  
jammed all the time with  
more residents it will add to  
this in a major way.
