Dear Sir,

I have applied to have a dropped kerb for vehicle access to the front of my property in Fathoms Reach Hayling Island which was purchased from yourselves in 1986. The house fronts onto Manor Road which is an A road and therefore requires planning. It seems that Taylor Wimpey still owns the small strip of grass verge between my boundary and the pavement.

I have enclosed a copy of certificate B which is part of the planning application

Yours faithfully

Mike Mehigan
