Dear sir/madam

I would like to object to the conversion of existing detached garage to 1No. 2 bed dwelling it has a 5' window with 2 side opening side windows directly looking straight into the rear of my property which is the conservatory,kitchen,dining room,back bedroom and my garden a matter of a few feet away.

The distance from the window to my conservatory is 22 feet.

I feel that this garage is totally unsuitable to be converted into a 2 bed dwelling and would encroach on our privacy.

Yours sincerely
Mr Trevor Hockley
