Objection to application APP/17/00492 for 243 London Road, Waterloooville, PO9 2AX

Dear Mrs D Haywood

I wish to object to the referenced application on the following grounds:

- The proposed changes are out of context affecting the immediate area – neighbouring properties are all bungalows.
- The proposed changes (window and front/rear balconies - Hart Plain Side) enables 243 London Road will look over/down on the bungalow/garden of 3 Hart Plain Ave resulting in loss of privacy affecting:
 - Rear rooms of the bungalow
 - Gardening/sunbathing with little or no clothing

May I ask if permission has already been granted by HBC Planning Services to implement the proposed changes referenced in the application?

Having viewed the building against the plans in support of the application I have noticed that the Front balcony windows plus both frames for the extra side windows have already installed.

Yours faithfully

RF Davey
