

2. Nectar Way

Emsworth

PO10 7 6L

15th March 2018

F.a.o. Ms M. Stewart - Planning Development

Dear Ms Stewart

Ref. APP/18/00203

Regarding the above planning application to fell one tree and crown 11 trees at Redlands Lane, adjacent to 2, 4, 6, Nectar Way. I would like to give my full support to this proposal. The large tree is directly opposite my house, and since the recent storm when another tree further along, fell, I have been very concerned about the danger. This tree has caused considerable damage to the footpath in Redlands Lane and is looking unstable, it wouldn't take much to uproot it.

We appreciate the screening and beneficial effect of trees, even though these are

all self-seeded, and need attention,
i.e. crowning for the safety of those using
this busy footpath.

Yours sincerely

SALLY DIMARCO.
