6. Authority Employee / Member

It is an important principle of decision-making that the process is open and transparent. For the purposes of this question "relating to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts , would conclude that there was bias on the part of the decision-maker in the local planning authority.

(e.g. 'Full', 'Householder and Listed Building', 'Outline')

Householder Application for Planning Permission for works or extension to a dwelling

For the purpose of calculating fees, which of the following best describes the original application type?

Householder development: development to an existing dwelling-house or development within its curtilage ☒

Other: anything not covered by the above category ☐

8. Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make:

1. On approved plans the window to the pitched roof is identified as a sliding rooflight 1.3m wide x 1.3m high. Upon looking at availability in the market this is not something we are able to source. We request to change this to a centre pivot style velux. Dimensions 1.34m wide x 98cm high. As per the dimensions this is slightly smaller than the original proposal. Advised by Tina Pickup by email (15.01.25) that this would be considered to be an acceptable minor change.

2. On approved plans cladding type is identified as black stained timber style. The drawing illustrates the cladding running horizontally. We have seen several designs/illustrations where the cladding can be installed vertically which we favour. Tina Pickup has advised this can be incorporated as part of this non-material application (email 15.01.25). We would also like to change the cladding type from pure timber to composite or cement board, remaining in black. This has been approved by Building Control, and is more suitable due to fire resistance (lightweight timber framed structure). The appearance would be extremely similar and would still incorporate the mix of finishes as highlighted as a positive on the delegated report (a mix of brick, render, and timber style). The areas identified as render, cladding, and brick will remain as per the permission granted application.

Are you intending to substitute amended plans or drawings?

☐ Yes

☒ No

If Yes, please complete the following:

Old plan/drawing number(s):

New plan/drawing number(s):

Please state why you wish to make this amendment:

Market availability of products, and fire resistance
