Dear Mr Eaves

OBJECTION TO REVISED PLANNING APPLICATION APP/19/00279

My wife and I have seen the changes made to the original planning application. We have already written to you about this with our objection to it and so the points we raised are in the original letter.

We strongly object to these new plans as they make very little difference to the original ones submitted. All the issues we raised remain and we do not want this build to go ahead.

It is simply too big and because of its size, it will affect our home and the homes of many neighbours around us in many ways.

We have observed all the works that have gone on at this site and we are concerned about this

too, as are many other people. We fear it may influence any decision made by the planning department and we don't understand why she has been allowed to make such big changes with no planning permission in place.

Please see our original letter dated 14.4.2019

Yours sincerely
