Dear Francesca

I refer to your consultation response dated 9 October 2023 in respect of the above development for 120 residential dwellings.

I note that whilst your Authority will not be seeking contributions towards primary and secondary age provision, you would be seeking contributions "... towards the update of the school travel plans for the three schools mentioned above. Details of the contribution will be provided in due course. " I have no record of receiving details of the required contributions. As the application is moving forward with the developer keen to secure a decision, I look forward to receiving details of the required contributions within the next 14 days.

Many thanks.

Kind regards,

Lesley Wells
