Importance: High

Dear Mr. Eaves,

Helpfully, Paul Flatt has been able to discuss with Campbell Reith and limiting the demolition at this stage to above ground structures will be acceptable. Through Campbell Reith, the HCA are mid tender to demolition contractors so the specification will be adjusted accordingly to reflect this.

This will allow conditions relating to archaeology and the excavation of any sub structure and foundations to be left to the developer to discharge as reserved matters under a future outline consent.

I hope that this will enable the HCA to be able to proceed with demolition works once they have appointed a contractor.

Kind regards,

Jeremy Gardiner
