Dear Sir/Madam,

Town and Country Planning (Tree Preservation) (England) Regulations
Application to carry out works on protected trees
Appellant: Lisa Sheppard
Appeal Site: 95 Sutton Road, Waterlooville, PO8 8PT

We have received the above-cited appeal against your decision on an application to carry out work on a tree(s) protected by a tree preservation order. The appellant will have sent a copy of the notice of appeal to you.

I am the case officer for the appeal and can be reached using the telephone number, email address and postal address at the top of this letter. When contacting me please quote the above reference.

You will note that the appellant has opted for the fast track procedure. We will assume that your Council is happy to proceed via the fast track procedure unless you indicate otherwise. If your Council wishes to be heard, please let me know by email and we will send you a copy of the hearing questionnaire.

Please carefully read through and complete the questionnaire found at the end of this letter and return it to me, together with copies of the documents cited on it, as soon as possible, preferably within 2 weeks of the date of this letter. Please ensure that you send a copy of the completed questionnaire and associated documents to the appellant or their agent. If you believe that the appeal is invalid e.g., it has been submitted out of time or the appellant is not the person who made the application, ignore the questionnaire and simply provide me with the relevant details.

If the appellant has not yet seen a document that you provide with the questionnaire (such as an officer's report which may have informed your decision) then they will be given an opportunity to comment on it if they wish.

Under the fast-track procedure we cannot accept any new reports or comments prepared after the decision was issued. Inspectors are only able to consider the information provided with the original application and which informed your decision. This means councils have no right of reply to the matters raised on appeal.

Once I have received the questionnaire and associated documents I will undertake a final validation of the file and check for completeness. If everything is in order and an accompanied site visit is required, we will contact you and the appellant, and where appropriate, the owner of the tree(s) to give notice of the Inspector's site visit.

If you are able to resolve this dispute with the appellant at any time during the appeal process, please let me know. This would enable withdrawal of the appeal and a saving of time and public resources.

Finally, information on the awards of costs which is applicable to appeals can be accessed through the Government's "Planning Practice Guidance" website:

<http://planningguidance.communities.gov.uk/blog/guidance/appeals/the-award-of-costs-general/>

This guidance is also being brought to the attention of the appellant.

Yours sincerely

Sophia Rowe
