Dear Sir/Madam,

I have bought Chalet number 5, Fairlight, Hayling Island, PO 11 9PJ. This has only 8 months allowed residency on it. I have bought the little house because I am an author and living in a rather noisy flat. I am desperately trying to finish my latest book and have bought the house to write at.

I have no intention at any time to let the property or to allow anybody in my family to let the house, it is solely to be used as a part time home and an occasional holiday home for my son and daughter and I.

I desperately need to use the property on a full time residency basis, as after this book will be other books and articles that I need to write and I need a quiet environment to do this. I do hope you will look at this residency and extend it to twelve months,

Yours sincerely,

Jennifer Neal (Mrs)
