

HAVANT BOROUGH

23 OCT 2020

RECEIVED

23rd October 2020

Dear Sirs,

Yet again it has become necessary to write to you about the proposed development in Smith Lane.

You do not seem to realise the effect of all these houses on the residents of Smith Lane and Hayling Island.

If 195 houses are built you can estimate that

it means at least another 390 cars on the road alone. Traffic on the Island is bad enough. Also getting an appointment at the Doctor is difficult but with all the extra people, possibly about 800 how are we to manage.

It is not feasible to build these houses!

Yours sincerely
