

Ref. APP/23/00309

HAVANT BOROUGH COUNCIL

23 MAY 2023

RECEIVED

Dear Mr. Slegg,

I wish to oppose the planning application made by 57 Silverdale Drive in relation to felling an oak tree and severely reducing a 2nd tree.

This application has been made before and was refused.

These trees are under a preservation order.

Also these trees hide the Pylon behind them which as you know are not a pretty sight for us to look at.

This plan will leave a very unsightly gap between a beautiful row of trees.

Also these beautiful mature trees are abundant with wild life such as birds, squirrels which are a joy to watch.

I beg you to consider our request that nature has taken so many hundreds of years to grow and which are so beautiful to live with. This must go against the countries plan to preserve the carbon footprint.

Also they are asking us to plant a tree which will take hundreds of years before they mature!

Please can you send someone to come to my property to see what I am asking. Please!

Yours Faithfully
