For the attention of Mr. J. Toole

13th June 2022

Dear Sir,

Re: Two-storey rear extension at 44 Ferndale, Waterloovile

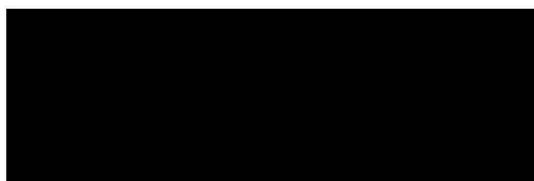

Thank you for your letter of the 8th June, the contents of which are noted.

According to the conditions on the back of your letter I understand we are entitled to some right of light and outlook. I would, therefore, like to comment on the fact that the light entering our [REDACTED] window will be severely restricted by the proposed extension. As far as I can see there are no measurements on the plan, so not sure how we are to know what the size is, but as it is a double extension the depth to the east looks to be considerable and will affect our outlook as well as light.

While our present outlook is somewhat restricted by the wall of No. 44 we have enjoyed the light and outlook we have had for the fifty years we have lived a [REDACTED]

I am not aware of the procedures in these matters but assume someone will need to inspect. My telephone number is [REDACTED] an inspection from my [REDACTED] window is necessary.

Yours faithfully,

Havant Borough Council
Civic Centre Road, Havant
