Your Ref: APP/16:00568

Dear Sirs

With reference to your letter dated 13 June 2016 in connection with a planning application I wish to make the following comments.

As I understand it McCarthy & Stone have submitted plans for 33 one & two bedroom retirement flats with only 23 parking spaces. I do not think that 23 spaces are enough – where are the other residents going to park? Many over sixties own a car and will need to get to doctors or hospital appointments. As we get older we often need help with Nurses etc who will also need access to park.

Furthermore, the public transport on Hayling Island has been reduced and only a few buses serve the Island. Therefore a car is essential for most people living on the Island.

Presumably the other drivers will be expected to use the retail parking spaces which will then have an affect on our shops.

I feel there is more need for housing for the younger generation and this would be a good site for them.

Therefore I am opposed to this application.

Yours faithfully

Mrs M Lovelock
