Dear Sir / Madam

I have lived at the above address for nearly 35 years. I am upset and angry that 17, and 19, Third Ave, have come over and obtain the waste ground opposite my property.

This will change the set up for residents at the end of Grange Close.

The fence has back entrances leading two more coming and goings people traffic and may restrict access to our property

(2)

it will effect the road between the new fence and the edge of our gardens

The new fence has points on the top, I feel it will bring the area down, parking may come a problem on the private road more noise, traffic, people coming and going. value of properties may go down as a result

It would cause more disruption for the residents at the end of Grange Close Nos 15-19.

Your faithfully

(ANN HENNESSY)
