**Subject:** PLANNING APP/18/00671

Dear Daphney Haywood,

Further to my telephone conversation with you this morning, as I explained my husband and I are the prospective buyers of no.7 Arun Close, PO8 8BP. We are concerned regarding the above application, and what it is all about? The main issue for us is it looks as if the corner of the road outside no.7 looking to the left, is potentially going to be allocated/sold to no. 6 together with the strip that goes right to left across the bottom of the road in front of the back boundary fence marking the end of the road. This would form the L shape we see on the planning diagram marked in black

We would object to this particularly the corner outside no 7. As you are no doubt aware parking is very limited there, and in my opinion no.6 already has more than adequate parking, as opposed to the rest of the properties, especially at that end.

My other concern is if this proposal goes ahead, in the fullness of time no.6. would want to fence and gate across the bottom of that strip of road. I would not want to be looking at yet another fence. If we as the residents of no 7 cannot use the corner space, when our parking is very limited, why should anyone else? Therefore we are objecting to any proposal to alter the status quo.

I do not know how long these decisions take from the councils point of view, but we cannot proceed with this purchase until we have a definitive answer to our concerns. The estate agent has told us one thing, the builder many other variations!

I look forward to hearing from you regarding our concerns, and when you are likely to have an answer to the above.

Many thanks for your help,

Regards,
