28 January 2019

Dear Sirs

Ref: Proposal for residential development Westwood Close, Emsworth, H10

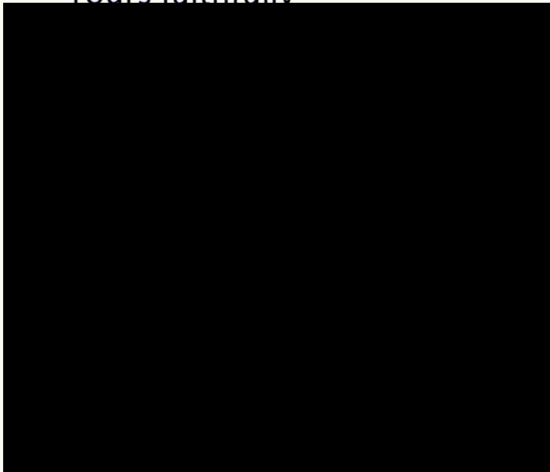

I am writing to object to the proposed housing development on the H10 site.

I am a local resident who appreciates the green spaces we currently have in Emsworth which create an oasis of calm space away from traffic, not to mention habitat for our wildlife, which is increasingly under threat. I use the proposed field very frequently, as do many other local people, for dogwalking and recreational purposes. I feel very strongly that we should keep a green corridor between Westbourne village and Emsworth. Both places are becoming increasingly traffic-ridden and noisy and maintaining the field H10 in its current state would prevent excessive urbanisation in the area.

Furthermore, the proposed site is unfit for building as it is frequently extremely waterlogged.

I very much hope that Emsworth and Westbourne will continue to be the pleasant places to live in that they currently are – largely because of their green spaces.

Yours faithfully
