

13TH SEPT 21

OBJECTION NOTICE.

34+8
SAME THING

Dear Mrs Pickup,

Re our phone conversation to-day -
I wish to object to the application lodged
by No 34 Fairlight chalets, on the following
car parking/reduced possible property
values (residential properties such as mine
if and when for sale, would be devalued
as surrounded by rental properties). The
quiet surroundings as Neighbourly values
would NOT exist.

When this property was purchased for
retirement it was peacefully and quiet, every
body knew each other (no longer). This area
with a PRIVATE ROAD TO THIS ESTATE, is
now used for INCOME ONLY by the people
here, Properties bought cheaply with 8 months
licences, being resold with 12 months for
intentional profit reasons.

More people arrived from god know
where (CORONA VIRUS) is still a worry,
Normal rented out properties have
conditions to adhere to. Fire Risks/
insurance/suitability of use/PAT testing
on appliances/electrical certificates etc.
These properties here are being let out
to all and sundry by persons with
only profit in mind, and it should be
stopped before it gets any worse, please
consider mine and other residents here
wellbeing and security when considering
this application.

I object to all and any more
applications made to properties
here at Fairlight chalets.

Parking etc, Suitability, privacy
issues/Property Values, health and
Safety issues are many.

P.S.

Can you please pass the other application
enclosed to Mrs J TERZOUDES RE NO 8.
