Dear Mrs Crawford

Proposed extension at 56 Bracklesham Road

The houses in Seafarers Walk are two storeys in height. Those overlooking them in Bracklesham Road three.

Since we have been here you have allowed the building of a three storey house with unrestricted windows at the rear creating a gross intrusion into our privacy necessitating the bedrooms at the rear of our property being protected by blinds throughout the day.

You permitted the addition of a storey to a house immediately behind us but agreed to half windows on the third floor thereby limiting the intrusion somewhat, and the addition of a third floor to another house has limited windows at the rear with that on the third floor using obscured glass.

Whilst we do not object, per se, to neighbours improving their properties, a further potential intrusion into our privacy is unwelcome.

We request that no windows be permitted facing the rear of houses in Seafarers Walk. Any that are essential for health and safety purposes should be of obscured glass, thereby protecting our privacy.

Yours sincerely

Derek Dunn
