Stance: Customer made comments neither objecting to or supporting the Planning Application

Comment Reasons:

Comment: Dear Mrs McMurray,

We have a concern as a resident living opposite the proposed site works: We are concerned about excessive noise throughout the duration of the building project. We would like a restriction in place that means no construction noise after 6pm and weekends. A couple of years ago a chalet bungalow was built nearby and the noise throughout the weekends was very disturbing. We are aware that a restriction can be placed on working hours for a proposed construction project and we would request that this be considered as a condition to planning approval. Especially when the project may extend over the spring and summer months when we and the other residents enjoy being out in our gardens.

Kind Regards,
