Dear Karen,

We consulted with our building contractor and our neighbours at number 83 yesterday and we have agreed the below remedial work will be completed by us upon our completion of the proposed extension.

- Number 83's current dividing fence will be removed and their current patio will be extended only leaving a required gap between it and the new wall.
- The current guttering on number 83's extension will be moved to avoid water on their patio as this currently drains into our garden.
- We will replace relevant dividing fences adjusting height to preserve number 83's and our own privacy.

Should you require any more information please don't hesitate to contact me.

Kind Regards.

Charlotte Davis.
