

HAVANT BOROUGH
COUNCIL

10 DEC 2020

RECEIVED

Objection APP/20/01031

Dear Sir,

I would like to object to the new planning application to build 50 dwellings south of Lower Road.

My reasons are the same as those for previous applications for building on this land.

They include -

1. This land borders a heritage area, a significant asset for Havant, access for the increased traffic has to be through this area and would be detrimental.
2. The road is narrow and the extra traffic would make it more dangerous for pedestrians, especially as there is no pavement which is part of the character of this area and there are likely to be more children.
3. It would be very harmful to wildlife.
4. There would be yet more sewage into Langstone Harbour.
5. The Heritage setting would be irrevocably changed.

Yours Sincerely,
