Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: Completely support this application - the park does nothing other than attract older children (who, I hasten to add don't even live in Norden Way) who destroy the equipment, leave rubbish including alcohol cans and used condoms in the area, intimidate younger children who dare to approach the park and destroy residents property on their way to/from the park.

As a resident, I have to pay a contribution towards the inspection, maintenance and repair of the equipment. I object to having to pay for something that is completely unsuitable, unsafe/unsanitary and unusable for my young child.

I believe that the level of anti-social behaviour in the park and Norden Way will reduce once this is removed as there will be nothing to attract these trouble-makers to the area. Sooner the better too before the warmer weather brings them out of hiding again!
