

HAVANT BOROUGH
COUNCIL

22 DEC 2020

RECEIVED

18th December 2020

Mrs D. Haywood,
Public Service Plaza,
Civic Centre Road,
Havant PO9 2AX

Dear Mrs Haywood,

My refreshed Objections following the new application, by Barratt David Wilson Homes are as follows:

1. Increased traffic congestion on our local roads, which are now completely overloaded.
2. Increased pressure on our overstretched infrastructure & emergency services
3. Irreversible loss of best agricultural land.

4. Irreparable damage to the environment including polluting and destruction of unique habitats for rare & protected species.

5. And once again to state the complete congestion already on the A 3023 not to mention the bridge.

"The Art of The Possible" is a famous quote by Politician Rab Butler.

I feel it is so pertinent to this issue - We have become more & more crowded on our island, now we are full up.

Yours Sincerely,
