Town and Country Planning (Development Management Procedure) (England) Order 2015

Site Address: 20 Greville Green, Emsworth, PO10 7TH

Proposal: Studio Building in rear garden (childminding)

I have been made aware that a proposal exists for the construction of a studio building in the garden of the property listed above (20 Greville Green, Emsworth) for the purpose of childminding services. I believe the provision of such services as a business within a residential area goes against the intended purpose of the area. I do not wish to see the quiet and peaceful nature of this area and in particular, my garden and the surrounding neighbours gardens, altered and disrupted by the potential noise from activities undertaken by such a business. I would therefore wish to express my strongest objection to this proposal, on the grounds of it altering the character of the residential area surrounding this property. I do not believe that it is appropriate to run a commercial business such as this from the garden of a residential property.

I would therefore like to submit my objection to this proposal for your consideration.

My thanks for your attention
