

Tuesday 8th June
2021.

Havant Council Planning Services,
Civic Havant Centre,
Havant PO....

Dear Sir / Madam,

I am writing yet again to voice my strong obligation, regarding the proposed building by Barratt Homes of 195 Houses on the Smith Lane / North Shore Road, Hayling Island.

Hayling Island is already choked with traffic and a survey of traffic flow at peak times shows this all too clearly. Adding to this is unwise and dangerous. Emergency access as one of the obvious problems. Schools and G.P Practice provision is already stretched beyond capacity.

The land Sinah Lane / North Shore Rd,
was given for an area for Brent Geese.
It is a flood plain area as we all know.
The bird refuge part of the site must be
established & proven to work as per RSB B
& Natural England consultee.

There is so much that appears to
have been overlooked in the Sinah
Development issues by those to whom we
entrust planning decisions,

It appears that the 25 Obligations and
Conditions, most obviously the one pertaining
to the Bird Refuge site have certainly not
been met by Barratt are proceeding as
though they are a fait accompli.
This is a travesty of Planning laws and
procedures.

Stop ruining our island with
these ridiculous plans.

Yours Faithfully
