Proposal Replacement of single garage with two story extension

I would like to put in an objection to the above planning proposal ref App/24/00458

Alternative ref PP-13149585 submitted [REDACTED] agent Mr. Ian

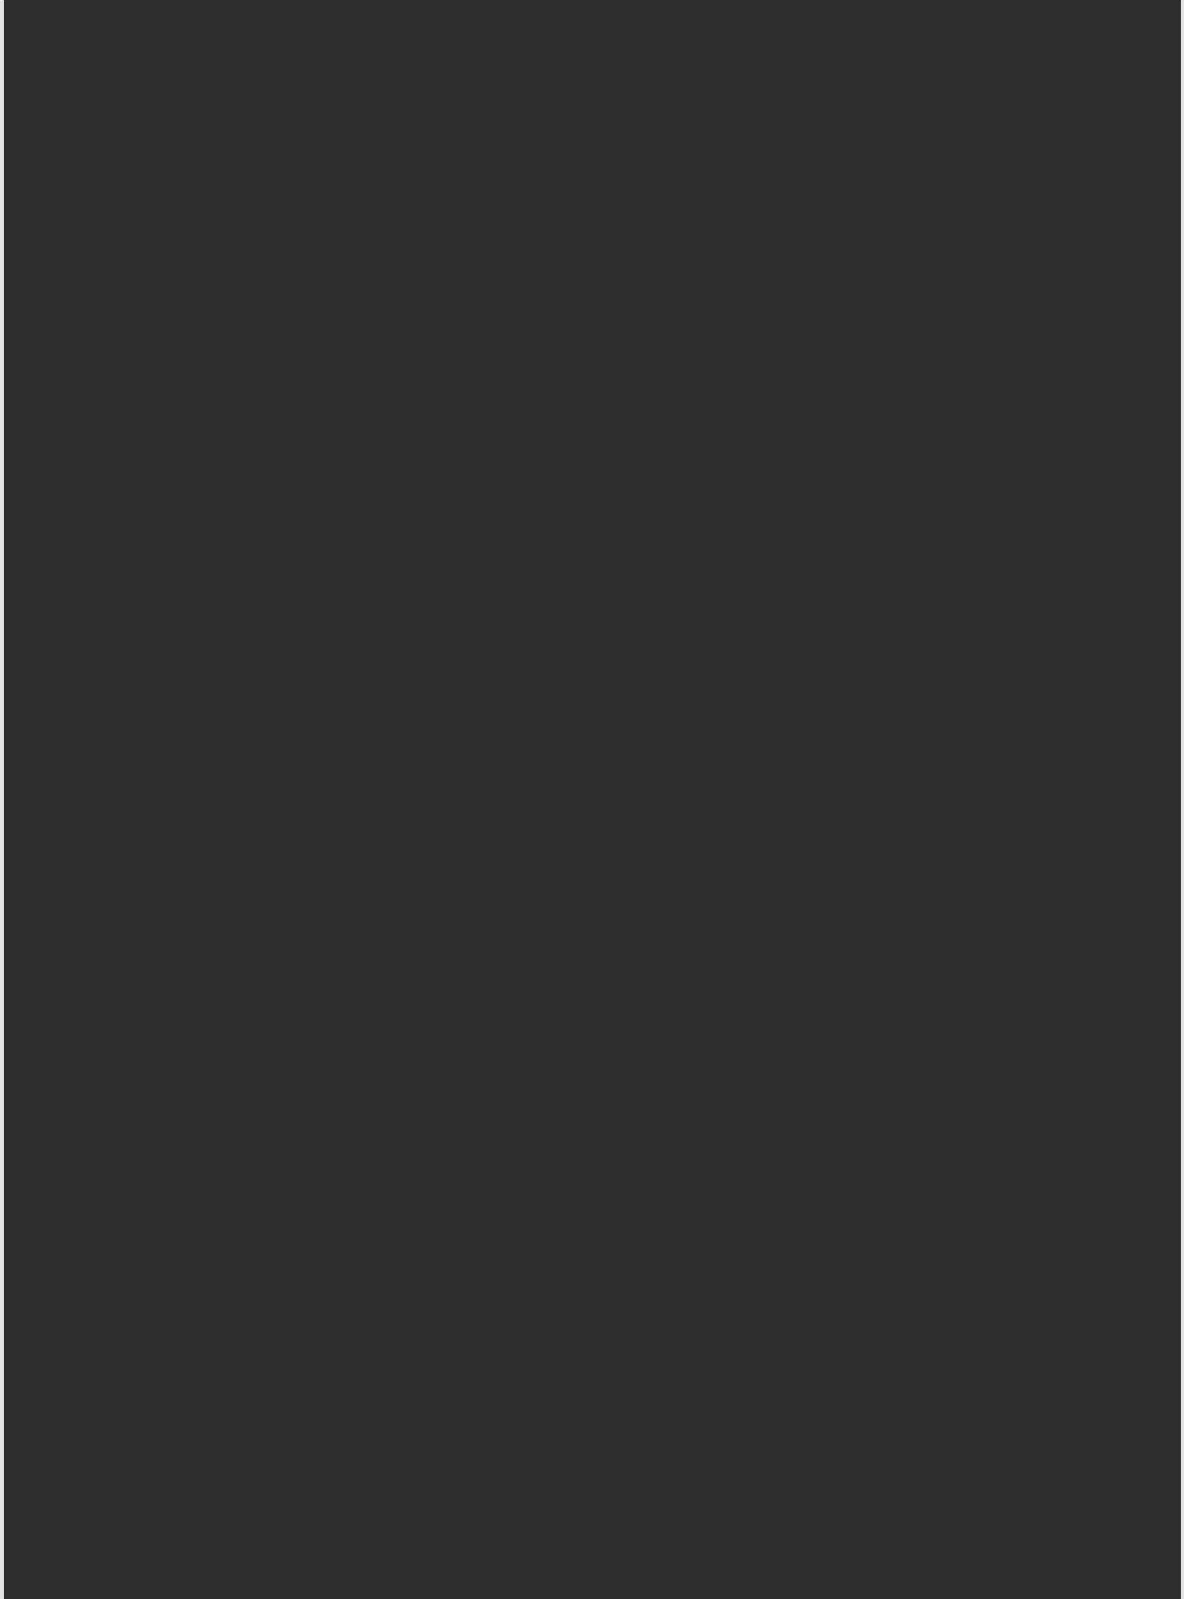

Murry

I have looked at all the relevant documents online to assess the impact and implications that this development would have [REDACTED] and it would have a very negative effect. [REDACTED]

[REDACTED] Prior to this I had not received any verbal or written communication [REDACTED] regarding their intentions. I have set out below reasons for my objections.

[REDACTED]

To sum up my opposition to this development.

1. Removing existing available parking spaces from the property will have an impact on limited road parking spaces.

2. Its design and appearance will be extremely overbearing and oppressive and detrimental [REDACTED] and detract from the natural open space and environment surrounding it.
3. It will have a severe affect on [REDACTED] daylight privacy and outlook
4. It would be damaging to the natural environment [REDACTED]
[REDACTED]
5. Loss of open space [REDACTED]
[REDACTED]
6. The construction would create an excessive amount of noise dust and dirt
[REDACTED]
7. [REDACTED] it would
take away many of the aspects that make this a desirable and enjoyable place to
live.

I have put forward these reasons for my objection for your consideration. [REDACTED]
