B. J. White

39 Lovedean Lane  
Waterlooville, PO8 8HT  
6<sup>th</sup> November 2017.

Dear Mrs McMurray

Application in relation to 33 LOVEDEAN LANE

OBJECTIONS TO THIS PLANNING APPLICATION:

- Lovedean Lane is used as a run to and from the A34 motorway. Residents are already in difficulty leaving their driveways for fear of being hit by passing vehicles very often travelling at excessive speed. Another entry onto Lovedean Lane providing for another 10-12 cars will cause yet more problems.
- The police have already indicated it is too dangerous for police officers to use mobile cameras to catch offenders. More traffic will add to the perpetual chaos. Attached is a copy email referring to the police believing it is too dangerous now.
- If planning is granted then would it not make more sense for the driveway to be sited at the back of the property into Pyle Close?
- In any event the proposed development does not fit into the current environment of Lovedean Lane.

Yours faithfully

Planning Service  
Havant Borough Council
