To whom it may concern.
My name is [redacted] and I live at the above address which is [redacted] to Antrims Barn. [redacted]
The extension in question is at the rear of the property, it is not visible from the road, and in no way obstructs our view of the surrounding countryside. Although I am aware of the need preserve the integrity of this listed building, I am also aware of the need for developed barns to be fit for purpose. When we first moved to the above address the barn was unsightly and needed development. I think that it is reasonable for a farmer returning to his home after work to have the use of a boot room rather than to walk directly into the living room.
For this reason I support Sam Wilson's extension, particularly as it is of similar construction to the main house and blends in rather well.

Yours sincerely.
