Planning application APP/17/00042:Fell 1No Oak tree TPO 1804 at Silversands Court, 12/14 Hollow Lane

Dear Sir, I see no reason for the need to fell this tree. It adds to the beauty of the lane as a whole and we have lost so many trees in the 52 years I have lived here. Quite a few went when the Dutch Elm Disease struck. I have read the applicant's reasons for felling the tree and although I feel sorry for the people [REDACTED] I would submit that they saw the tree when they first came to the property and was very little different then from how it is now and they should have realised how it might affect them. As an immediate neighbour on the east side of Silversands Court I have some of the leaves from the oak tree blown into my garden (to add to the leaves of my own tree) and am quite willing to clear these as and when needed. With regard to the lady who mentions the leaves falling on her car I would point out that the car parking area is at the rear of

the building and more leaves fall there from the oak trees (and trees of other species) in the property to the immediate south (Westfield Oaks).

To sum up: unless there is a danger to life and limb I would ask for the tree to remain, trimmed if necessary.

Yours faithfully, Theodore F Tott
