Re: Planning Application **APP/19/00990** | Two storey rear extension. | 12 Winifred Road, Waterlooville, PO7 7TD

Dear Cllr Wade,

We live at  and our neighbours at 12 Winifred Road are proposing a large two-storey extension adjacent to our property (unattached). We have severe reservations about this, for the following reasons:

- (1) the proposed two storey extension will cause us to lose a significant level of sunlight and daylight;
- (2) there are four windows in the planned extension which would result in us feeling much more overlooked and causing a loss of privacy;
- (3) this large two storey extension will make us feel a significant sense of enclosure in our property because of the close proximity to the boundary and height of the proposed extension.

Furthermore, it appears that this proposed extension will be dominant and overbearing, and completely out of style of the current style of the property, which is a bungalow/maisonette. In summary, owing to the outlook, light and privacy, we must object to this proposed extension and ask that it be considered

Yours sincerely,
