Havant, PO9 2AX

Dear Sir,

Re. APP/17/00656

My wife and I wish to record our support for this application. We are existing customers of Lidl and at present, the nearest branch of this company is in Leigh Park, which involves a journey off Hayling Island, adding to the congestion both on the road off the island, and through Havant.

Quite a large number of houses are currently being built in South Hayling, and this will inevitably add to the volume of traffic currently entering and leaving the island. In our view any development which encourages people to shop locally is to be welcomed.

We consider that the proposed location for the store is a good one. It is easily reached from any point in South (or North) Hayling, there is ample room for an adequate car park, and the site already has a number of screening trees. It might be advantageous to consider extending the current 30mph limit into West Town.

Yours faithfully
