RECEIVED

1/July/2021

Dear Sir,

Your Ref APP/21/00045, 186, Seafront H/i

I strongly object to the above proposal to demolish the existing house and erect 10 unit apartments.

This is total over development of a corner plot, which is already a danger to motorists.

also the parking on Alexandra Ave will be greatly increased due to the visitors to the units, and will be a danger for services like deliveries, ambulances, doctors etc.

Already this road gets traffic parked from people going to the beach for long periods of time and the add congestion will cause mayhem.

The privacy of neighbors will be affected and the proposed 10 units will be totally out of keeping with the road, and the surrounding area.

This is a money-making exercise > nothing else.

This should NOT BE ALLOWED
