19th December 2023

Dear Madam

REF: APP/23/00827/ Your email 14th December 2023
130 Southwood Road Hayling Island PO11 9QH

We are now at REV 4 of the proposed elevation drawing and it is still WRONG. Perhaps a REV 5 might show the correct elevation.

Revision 4 is misleading because it does not show the recessed roof shape. Consequently this gives a totally false impression of the proposed dormer relative to the roof, the effect upon the street scene and 128A Southwood Road.

I reiterate that it is incumbent upon the applicant to provide accurate scale drawings to enable the Planning Department to make an objective decision and any such drawing should not be considered as illustrative.

Just incase revision 5 is not forthcoming, I attach the following photo providing you with an accurate representation of the existing west elevation together with the proposed dormer superimposed upon it.

My objections to this proposal still remain as per my letter of 16th November 2023

Regards
