Proposed Development LAND R/o 136 STAKES HILL RD
WATERLOO VIC A18/16/00837 (Amended 3BES)

Dear Sir/Madam,

I write to confirm I have no objections to the revised (3BES) plans submitted for development at the above ref application, however I would like to know that conditions are applied to any approval, that ensure any reduced levels within the site, that adequate support is provided to my ground level and that my boundary fence and footings will not be undermined or compromised ongoing, to the common boundary.

Yours faithfully

P. J. Hill
