

30 The Kench
Ferry Road
Hayling Island
Hampshire PO11 0DF

15th November 2016

Dear Mrs R McMurray

Planning Application for 26 The Kench Ferry Road Hayling Island APP/16/01079

The drawings are well presented and to a good scale with every important detail and elevation included.

The replacement bungalow is set back to the south of the existing bungalow. This makes no intrusion to the neighbouring properties making it most acceptable.

The raising of the sea wall is most welcome and beneficial to The Kench.

The design of the replacement bungalow fits in well with the surrounding properties and is most acceptable.

Yours sincerely

Paul Young
