Dear Mr Eaves

RE: Home Farm 132 Havant Road APP/16/00735

We are disturbed to learn that planning permission has been applied for with regards to scaffolding storage at this address. We moved here in 1999, and at that time there was a small horsebox business with a few motor vehicles and trailers on site and there was never any disturbance or impingement on our daily life. However, steadily over the last ten years or so things have been getting worse.

Noise is a particular problem; cutting, drilling, sawing, hammering, banging, shouting, screech of cutting metal, dogs barking, scaffolding poles being dropped, loaded and unloaded, bonfires with acrid smoke.

Also, visually (from our upstairs landing window) the area now resembles an industrial estate. I thought this was supposed to be countryside? Ariel footage from Google earth 2004 show a few vehicles, but now 2016 it's a visual eyesore and an area of growing industrialisation! It is for these reasons that we strongly object to any further planning permission. We respectfully request that our name and address is not disclosed to the applicant for fear of repercussions

Yours sincerely Ronald & Sylvia Bailey
