To Mr. J. GARGETT.

Dear Sir,

with reference to
the proposal to crown reduce
the No 1 Silver Birch opposite
our property my wife and
I do not consider the
reduction by 4m ~~will~~ nearly
enough.

This tree is far too
large to be in such close
proximity of properties and
during high winds and storms
has always been a constant
nony to us, as our
property is well within its
radius.

As this tree ages

the likely-hood of its
losing larger bougts
becomes greater and the
risk of damage to our
property becomes greater.

We would therefore
appreciate a larger reduction
to the 4th.

Sincerely
[REDACTED]
