Subject: Land At Rook Farm St Mary's Road Hayling Island

Dear Sirs,

I live at 12 Seafarers Walk, Hayling Island.

I would like to object to the planning application in respect of the land at Rook Farm.

The infrastructure on Hayling Island is already struggling to cope with the existing population. Traffic congestion getting on and off the Island gets worse every year. I don't think there should be any further significant development on the island.

In the vicinity of Rook Farm you have land owners trying to get planning for multiple retirement flats. These plus Rook Farm will all boost the amount of traffic on and of the Island and the number of cars that will need to park on the public highway. These developments are all close to schools so they will increase the traffic flows past Mill Rythe, Hayling College and Mengham schools, increasing the danger posed to the Island's children.
