Dear Tina - many thanks for your email and the amended plan showing the lounge roof. I have checked and we can confirm that we would as previously indicated prefer brick elevations to both views of the study seen from our front drive and our garden.

I do appreciate the time that you spent with me this morning clarifying the proposal and answering my queries - that was really very helpful and put my mind at rest - apart from getting confirmation of the brick elevations to the study area and that we receive confirmation that the fences will not be touched or if they are they will be replaced and that Mr & Mrs Carr supply 3 roses (Compassion) that we will plant to help hide the study area from both views we no longer have any objection to the proposal.

Kindest regards

John
