Flat 1, 392 Seafront
Hayling Island
PO11 9RJ

I object to the above planning application on the grounds of the following. -

1] The person cannot make any structural alterations without permission from the residence [who own 1/5 each] and HBC.
2] It is at the back of the property, which is very vulnerable re the security, no lights in the vicinity, and finally it's a communal area.
3] Patio sliding doors are dangerous, and easy to enter, which means once they are tampered with and opened, they would have access to the main hall and the other flats.
4] It is onto communal ground. The person needs to ask the other residence about his plans.
