MR C. SPELLER,

On Saturday 16th July I recieved a letter from planning Services concerning 7 Wheathands ave about the proposal of demolition of existing bungalow and the replacement of a 3bed bungalow on top of the letter I had to ask to speak to you on a direct line. On Monday morning I phoned your direct line which went to voice mail I left a message for you to contact me I also phoned Havant Council to speak to someone in planning to no avail I then went back to the switch board and the person I spoke to told me that you was working from home she tried to put me in touch with someone from planning and told me they must all be at lunch and she would try and contact you to phone me as it was important, while I was waiting for you to call me I phoned [REDACTED] to ask her what was the plans for the house as I thought they were going to demolish the chalet at the back of the garden and rebuild a new chalet she sent me over the plans for the new 3 bed house

then you returned my call and we could discuss the plans I did ask if we could have a meeting

as you informed me you work from home and you are a few miles away so I struggled through our conversation you did explain as best you could over the phone

I found it very difficult to understand the drawings I thought it was very big and very close

I'm going to seek professional advice, I'm writing this letter to you to let you know as I only got the letter on Saturday and I haven't got enough time left to meet your deadline on the 22nd July as I have had no other correspondence from planning and this was the first I've heard about it

Yours
