Re. Planning Application 16/00101
52 Southleigh Road, Havant

I object on the grounds that:

1. 2-storey housing inappropriate when adjacent properties are bungalows, apart from the house that has put in the application
2. Too much traffic in Hallett Road already, due to Manor Farm and Nursery Fields development. This has greatly increased the length of traffic queues in Southleigh Road when the railway gates are closed----which is 42 minutes in the hour. T
3. Very high air-pollution as increased traffic coupled with loss of farmland and removal of trees.
4. Two more families adding to the number requiring school places and medical facilities . These have not increased with the increased housing.

P. Garnham
